Flood Prevention/Mitigation Program
Application Form

Rebates offered through this program are contingent upon the availability of funds. Applications that are incomplete or illegible will not be processed and will be denied. Applicants will be notified in writing if their application is denied.

All rebate applications must be either postmarked or uploaded to our website within 90 days of project completion or within 6 months of receiving loan funding, whichever comes first.

Please note: Applications will not be accepted via fax or hand delivery. You must either:

- Mail a printed copy to the address provided below (must include a valid postmark) or
- Upload your completed application and supporting documents directly to our website at nwheap.com.
